

1st Quarter Report

January, February, March

Prepared By:
Ambee Stephens

SUMMARY

The first quarter report is a document produced by the CEO containing a set of financial information, statistics, advancements, and a summary of overall impact from January 1st - March 31st.

- These past 3 months have been full of exciting announcements, collaborations, and impact. So far this year, we have...
 - Supported and helped 182 women and families
 - Hosted and facilitated 41 workshops/support groups. Creating a space for women to connect, inspire, support, and grow from one another.
 - Helped 6 EntrepreneuHER's start their business by teaching and hosting an 8 week course to help them start and amplify their business. They each have been given \$500 to use for start up business cost. Check out one of our success stories below!
 - Cultivated our inaugural women's month event with 78 women in attendance (In collaboration with Kaylin, Kay Coastal Designs)
 - Been featured on Daytime TV, Interviewed by Maggie Rodriguez

In this quarter, we have launched our second community center. We will be duplicating our current center services, essentially providing the same programs while amplifying each area. Our new center has numerous rooms including an entrepreneurship room, therapy, and a boutique. Our hope is that this will allow more women and families the opportunity to receive the help they need.

Thank you for your commitment to helping women rise.

Ambee Stephens, MNM
Founder | CEO

Workshops

Therapy will be offered three times a week allowing women and families to experience healing and wellness.

WE LOVE OUR MEMBERS

Taria Jackson, mother of 4 currently living at CASA. (Domestic violence center in St.Pete)Taria needed money to keep her online business afloat. Her ex-partner took away her online business information and she just recently got her information back online. She asked for us to help pay the online service charges for her clothing and accessories business.She also needed interview clothing because she needs a job. She is a hairstylist by trade, but her ex-partner broke her hand so she is unable to work in that field until she is healed. She is having an interview for a management position at a telemarketing company this week.

What was the outcome: EmpowHERment paid the yearly fee of \$300 for her online business expense. She also was able to find an interview outfit that she was very proud to wear and a few more casual items. Taria was so excited that EmpowHERment was there to help her that she cried from happiness. She told me that no one has ever helped her before.

Letter from our CEO

We started EmpowHERment with a simple mission: To empower all women by fostering the skills and resources needed to obtain self-sufficiency in finances, mental/emotional wellness, and the cultivation of relationships.

This year has nothing short of amazing. We put our mission at the center and thrived this quarter, helping more women and families..raising more funds for our programs..and allowing EmpowHERment to truly thrive!

Extra Exciting Announcement: We have also opened a second EmpowHERment Community Center in North Pinellas County!! Shortly after the HER Gala, we were approached with a very generous opportunity that we knew could only help more women and families. VERY Special THANK YOU to Jayne C!!! We are excited to continue providing wraparound services and programs to North and South County with two community centers right here in your backyard. Please stay tuned for more information to come! In the meantime, if you would like to leave your mark on our new center please check this out to learn how! We are still in need of your support.

We've got a lot of work ahead of us, and your altruism has made it that much easier to get things done and thrust us forward. Thank you again for all you do and your continued support!
