After the devastating loss of her father, Ambretta Stephens, founder & CEO of EmpowHERment, found herself lost. Even with the support of family and friends, she still needed a safe outlet to LET GO. She started a Facebook group for family and friends to share their most intimate thoughts and feelings.

EmpowHERment quickly evolved into monthly workshops, community volunteering, and many life-changing stories. Today, EmpowHERment is a community organization committed to helping women rise by providing advocacy services, support groups, and effective empowerment workshops.

WHAT TO EXPECT

HER Brunch 2026 is building a sense of connection that goes beyond surface-level networking. It's an opportunity for women to find, meaningful relationships both professionally and personally.

Picture walking away from brunch not just with a meaningful conversation, but with a powerful connection that unlocks new career opportunities, or meeting someone who shares your passions and becomes a trusted mentor or lifelong confidante.

For high-achieving women, it's often rare to find spaces that encourage both professional growth and personal connection outside of traditional office settings. HER Brunch fills that gap by creating a vibrant, supportive environment where women can:

Collaborate Professionally: Share ideas, gain insights, and open doors to new opportunities through meaningful introductions.

Connect Personally: Find an outlet to unwind, recharge, and meet women who align with your values, goals, and aspirations.

Empowerment Through Community: We believe that meaningful connections are the foundation of personal and professional growth. Our events are designed to create spaces where women can inspire and uplift one another.

Women's Self-Sufficiency: Equipping women with tools and resources needed to thrive. From financial literacy programs to entrepreneurial training, our initiatives focus on helping women achieve self-sufficiency, confidence, and independence.
